SENDGRID ACCOUNT CREATION

The screenshot shows the SendGrid user interface for a new account. The browser address bar displays `app.sendgrid.com/guide?from=profile&integrate=true`. On the left, a sidebar menu lists navigation options: Dashboard, Email API, Marketing, Design Library, Stats, Activity, Suppressions, Settings, and Twilio SMS. The main content area features a welcome message "Welcome, Hari!" and a guide titled "Send your first emails with Twilio SendGrid". The guide's first step is "Create a sender identity", which explains that a sender identity is the "from" email address. It offers two methods: "Create a Single Sender" (highlighted with a blue button) and "Authenticate a domain instead". An illustration shows an email header with "Your Business" as the sender name and "to me" as the recipient. A bottom banner states, "Please create a sender identity before sending your first email."
